5 in

Widescreen Color Display

5

Programmable Line Keys

1G

Gigabit Ethernet Switch

PoE

IEEE 802.3af Support

PRODUCT OVERVIEW

Professional communication for demanding business users

The Cisco IP Phone 8811 provides a balance of advanced voice features, intuitive operation, enterprise security and flexible deployment for offices, managers, reception teams, customer-service environments and organizations using Cisco collaboration platforms.

5"

Color User Interface

A 5-inch widescreen color display provides clear access to call information, directories, menus and collaboration features.

HD

Wideband Audio

Wideband handset and full-duplex speakerphone support deliver clear voice communication for everyday business calls.

1G

Gigabit Connectivity

Two RJ-45 Ethernet ports support Gigabit network access and a convenient downstream PC connection.
